

## A Family Medicine and Tonic.

MRS. J. LYSAGHT.

Mrs. J. Lysaght, of Paterson, N. J., writes that members of her family and herself have used Duffy's Pure Malt Whiskey for two years with very satisfactory results. Mrs. Lysaght recommends it to all who need a good tonic. She keeps it in her home as a family medicine.

On April 2nd Mrs. Lysaght wrote: "I wish to say Duffy's Pure Malt Whiskey as a medicine and tonic is one of the best. Myself and members of my family used it for two years and would not be without it. We highly recommend it to any one needing a tonic that will build up their health and strength. I cannot speak too highly of the good it has done me." Mrs. J. Lysaght, 154 Barclay Street, Paterson, N. J.

## Duffy's Pure Malt Whiskey

Is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus producing a liquid food, requiring no digestion, in the form of a medicinal whiskey, which is one of the most effective tonic stimulants and invigorators known to science; its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach and makes it invaluable for overworked men, delicate women and sickly children. It is prescribed by doctors and is recognized as a family medicine everywhere.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is the only absolutely pure medicinal malt whiskey, and is sold in sealed bottles only, never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for a free illustrated medical booklet and free advice.

## BIG CUT IN CABLE RATES IS AT HAND

Pacific Board Promises to Reduce Tolls for Press Messages One-Half.

LONDON, June 26.—At the meeting yesterday of the Committee of the Imperial Press Conference appointed to consider the question of cable rates between England and the Colonies, it was announced that the Pacific Cable Board would reduce the rates for press messages by one-half and that other Australian terminal reductions were adumbrated.

The committee passed a resolution declaring it essential to have a State-owned electric communication across the Atlantic, the present high cost of cables, 10 cents a word for newspaper messages, blocking the way for any general reduction. Mr. Ross, of Ottawa, who moved this resolution, was careful to point out he did not use the words "Atlantic Cable."

"We have heard to-day in committee from Marconi," he said, "that by Air Mail he hopes to supply ample service across the Atlantic at one-half the present rates."

Marconi later said: "I am of opinion it may be possible in the near future to communicate over a much greater distance than 3,000 miles, say 6,000 miles, or even more. I am prepared to say that when the stations are complete the limit amount of press work may be taken across the Atlantic at 2 1/2 pence a word, and I hope to take from 15,000 to 20,000 words a day. The present speed of wireless messages across the Atlantic is thirty-five words a minute, but that is being improved."

## CZAR RETURNS TO WINTER PALACE

Takes Decisive Step and Will Probably Soon Entertain New Sultan of Turkey.

### ADOPTS ROLE OF PEACEMAKER

Angry Quarrel Between Russian Departments Only Visible Result of Conference.

(Special Cable to The Times-Dispatch.) ST. PETERSBURG, June 26.—The czar has at last taken a decisive step and ordered that the Winter Palace here be prepared for the imperial family's residence after his foreign tour and the sojourn at Yalta, in the Crimea.

It is five years since the Winter Palace was handed over to the exclusive use of court officials, and a considerable section of the population of the capital have suffered heavily in their pockets through the abandonment of festivities at the various Romanoff palaces and among the ruling families, whose social program is modeled upon that of the imperial court.

**Czar's New Rule.** It is probable that the Sultan of Turkey will be the first sovereign to visit the czar at the Winter Palace after its reoccupation, for Nicholas intends to pay a short visit to Constantinople to greet the new regime. All news from the court party at Peterhoff now points to the determination of the czar to adopt the active role of a peacemaker, in which he will make his grandiose debut at the next pottava two weeks hence.

**Departmental Row.** The only visible result thus far of the meeting of the czar and Kaiser is an angry quarrel between the Russian Navy Department and the Russian Ministry of Court. The latter apparently allowed the Kaiser's yacht to attain its wireless apparatus to all the surrounding stations for his sole use. One result was that after the firing on the British wooden steamer Woodburn two Russian torpedo boats were in collision. They called for assistance by wireless, but the service was nullified by the Kaiser's monopoly. During a two-hour talk with Premier Stolypin the Kaiser delivered a lengthy monologue on the science of government in such great empires as have to preserve unity among nationalities that have different traditions.

He cited instances from the Hohenzoeller histories. Al. Stolypin, who is rather a silent practitioner of government, thanked the Kaiser for his interesting discourse.

**Conditions Improving.** The premier this week received common law criminal cases from the military tribunals at Moscow and restored them to the civil courts. The right of public meeting has also been restored, except for political strikes or revolutionary movements against Turkey. Prince Elvon, president of the Russian Zemstvo Federation, and Secretary Polner, of the same organization, will start in a few days for America to study the system of farming settlements in the United States and Canada in the interest of agriculture and colonizing work in Russia.

the annoyance of the King, who is a keen playgoer and a great admirer of the French stage. It may be recalled that the play the King selected for a state performance on the occasion of his memorable visit to Paris, which marked the birth of the Anglo-French entente, was "Three Weeks," which was later prohibited in London when a French company wished to play it.

Another week of dreadfully cold wet weather caused the postponement of many garden parties and fetes.

## ENTIRE STOCK OF HIGH-GRADE Clothing, Hats, Shoes and Furnishings

Such an undertaking has never before taken place in Richmond. That is, the intention of disposing of an entire stock and not merely a desire. All merchants want to clean out odds and ends and stock their shelves over again, but when they make the attempt, they feel that it is necessary for a little profit to be made. We clearly understand how impossible it would be to open our new store, 313 E. Broad St., with a mixed stock. After considerable discussion we have marked all goods at a price that will sell them quickly. The public judge goods by what they think they are worth to them, and buy accordingly. What the cost is to manufacture is not considered. We realize this and have marked goods without once considering the cost. We ask no one to buy unless they find genuine reductions, and that goods are as represented in our advertisements. We do ask you to look, having your interests at heart as well as our own.

## COST OF GOODS FORGOTTEN!

We mention below but a few of the thousands of articles to be found here at extraordinarily low prices. Other goods are here at proportionately low figures. Purchase price will be refunded to any one on return of goods for any cause whatever during the two weeks sale.

Low Prices Prove Our Determination.

Caterers for these, and for the polo grounds, tennis courts, and other exhibitions are suffering greatly. One firm estimates its loss at \$25,000 a week.

During a brief glimpse of sunshine the Queen opened the midsummer fête at Olympia on Wednesday. The special occasion was a benefit for the Children's Hospital, and most members of the Anglo-American Society had stalls, or were liberal buyers. The Queen bought largely from Mrs. J. Harcourt's stock of Greek lace, as well as a number of Mrs. A. Drexel's satin boxes. Ladies Granard, Chellismore and Newborough, and Mesdames Waldorf Astor, Chauncey and Reid were among those present.

**Duchess Entertains.** The Duchess of Marlborough's cotillion was the chief event of the week. The beautiful ballroom at Sandringham House was magnificently decorated with many of roses. The cotillion favors, which the duchess purchased in Paris, consisted of the latest novelties in parasols and fans. Mesdames W. Burns and H. P. Whitney, Consoho, Duchess of Manchester, Ladies Grandard and Willoughby d'Eresby were among the dinner guests, while other Americans who danced the cotillion were Ladies Craven and Innes-Ker and Mesdames J. J. Astor, Waldorf Astor, John Ward and L. Harcourt, Mrs. Corneille Vanderbilt were magnificent jewels, as did Mrs. W. K. Vanderbilt, Jr. The duchess wore her famous diamond.

At the beginning of July the duchess will leave London with her two sons and a daughter to take Roshampton, where her younger boy, Lord Ivor Churchill, was greatly benefited in health before.

The Duchess of Argyll has been the guest of William Waldorf Astor at a large house party at Hower Castle. Lady Cheylesmore and Mrs. V. Macdonald gave musicals on Thursday evening. Princess Victoria, of Schleswig-Holstein, was a guest of Lady Cheylesmore.

Mrs. Calhoun gave a large dinner for some of her daughter Julia's friends—the Misses Drexel, R. Carter, N. Post, Clove and Viborg.

Mrs. Thomas Nelson Page left London to-day.

Mrs. Reeves Merritt intends making some country house visits before sailing for America early in July.

**Blind Boy's Triumph.** Franz Richter, a blind youth of nineteen years, of Portland, Oregon, appeared almost unheralded at Beech-

stein Hall to-day, to claim recognition as a pianist and composer. He astonished a large audience by his really great talent, both by the variety of his compositions and his remarkable skill in execution. His triumph amid London's overcrowded concert season was most unusual.

**TRUCE IS PROCLAIMED**  
**Government of France Treats Successfully With Disgraced Stable Boys.**  
(Special Cable to The Times-Dispatch.) PARIS, June 26.—A truce has been proclaimed between the disgraced stable boys and trainers, and, after more interviews between Premier Clemenceau and the opposing parties than the mercantile marine strike which is ruining trade with Algeria has given rise to, an agreement was reached that the race for the Grand Prix de Paris to-morrow will not be interrupted.

The public is officially informed as the result of searching inquiries that no violence was used last Sunday. The striking stable boys used only their powers of persuasion to induce the van drivers who were taking horses to the race-course to return.

**WON'T MIX.**  
**Bad Food and Good Health Won't Mix.**  
The human stomach stand much abuse, but it won't return good health if you give it bad food. If you feed right you will feel right, for proper food and a good mind is the sure road to health.

"A year ago I became much alarmed about my health, for I began to suffer after each meal no matter how little I ate," says a Denver woman.

"I lost my appetite and the very thought of food grew distasteful, with the result that I was not nourished and got weak and thin."

"My home cares were very heavy, for beside a large family of my own I have also to look out for an aged mother. There was no one to shoulder my household burdens, and come what might, I must bear them, and, when I realized that my health was breaking down."

"I read an article in the paper about some one with trouble just like mine being cured on Grape-Nuts food, and, noting on this suggestion I gave Grape-Nuts a trial. The first dish of this delicious food proved that I had struck the right thing."

"My uncomfortable feelings in stomach and brain disappeared as if by magic and in an incredibly short space of time I was again myself. Since then I have gained 12 pounds in weight (through a summer of hard work, and realize I am a very different woman, all due to the splendid food, Grape-Nuts."

"There's a Reason." Trial will prove. Read the famous little book "The Road to Well-being," in English.

**HARRIMAN IN MUCH PAIN**  
**Stiffening Muscles Cause Financier Great Discomfort.**

VIENNA, June 26.—The illness of E. H. Harriman is not so harmless as at first reported. It is now said to consist in a stiffening of muscles in the neighborhood of the spine, causing much pain. Physicians declare it cannot be giving temporary relief. Mr. Harriman takes the cold-water treatment one day, electricity the next day, and a carbonic acid bath the third day.

**Engagement Announced.**  
(Special Cable to The Times-Dispatch.) BOMBAY, June 26.—Dr. and Mrs. George Harris Cooke, of Buckenham, announce the engagement of their daughter, Maudie Rose, to Charles Richard Carpenter, of Charlottesville. The marriage will take place in August.

**Went for Bag, Got Whole Outfit**  
One of the most prominent and successful business men in this city entered a big store, O. H. Berry & Co., Eleventh and Main Streets, yesterday afternoon to buy a bag to add to his baggage he was going to carry with him to Europe. While this man is a regular patron of Berry's store, he had never before visited the big baggage department in the big basement. He said that it was a revelation to him and that everyone ought to visit this department as an education, as it contained more necessities, comforts and luxuries in this department and store than in any place he had noticed before.

He wanted a bag and nothing more, but when he began looking around and comparing the highly efficient and excellently made traveling accessories he finally decided that the baggage he was going to take with him, while not old and really worn out, was in fact so far behind the baggage shown in Berry's, that he discarded the whole outfit and bought a new outfit consisting of a "knifed trunk," English kit bag, English carryall, fitted steamer trunk, fitted cabin bag and a set of latest style Gilette safety razors.

After getting this new equipment, this man said the hotel clerks and porters of Europe would certainly pay good attention to him and the result would be he would get the best accommodations and service while traveling, because his baggage called for such—Ad.
